## Summary

Software Quality Assurance Engineer with experience in the medical device industry. Skilled in Python and Test Automation. Graduated with an Associate of Science focused in Computer Science from Manchester Community College NH. Seeking to enhance skillset and career opportunities through obtaining a web development certification.

## Experience

### **Junior Software QA Engineer**

The Prometheus Group

Sep 2021 - Present

- Automated repetitive testing tasks using **Python** to improve efficiency and speed of the QA process for Win32 apps.
- Maintained an internal tool for technical support written in **C++** to assist with troubleshooting and resolving customer issues.
- Developed an internal tool using **Python** to securely remove personal health information from customer's records in **Access DB** for technical support to troubleshoot without compromising customer's sensitive data.
- Continuously updated and maintained documentation to reflect the latest features and changes in the products.
- Conducted manual testing during various stages of development to ensure the timely release of medical software products.

### **Software QA Tester**

Transparent Language

Jan 2020 - Aug 2020

- Executed manual QA processes throughout various development phases across **iOS**, **Android**, and **web** applications.
- Utilized linguistic background to suggest and implement new features to improve user experience for both foreign language instructors and learners.
- Utilized Jira for bug reporting and Confluence for documentation to thoroughly test for defects and bugs and ensure predictable and reliable releases.

## Education

### **UNH Coding Boot Camp**

Sep 2022 – Mar 2023

- HTML, CSS, Bootstrap, JavaScript, jQuery
- Node.js, Express.js, MySQL
- git, GitHub
- Group projects: <https://github.com/ilavine/sandwich-maker> - CMS style blog using Handlebars, Bootstrap, Node.js, Express.js; <https://github.com/ilavine/Drink-Outside-The-Box> - interactive web page using two server-side APIs and styled with Bulma.
